Career Re-Engineering Framework

7 Months Career Re-Engineering program to transition into a Core IT Career from a non-IT & without coding skills.

- Mindset Re-Engineering: 1:1 call for Mapping the right skill set based on past experience and background for choosing the perfect IT career which in demand and future-proof & least impacted by AI.
- Mock interview with AI agent to speed up the Interview, along with TEN 1:1 interactions with IT Industry experts to kill the interview fear forever.
- 20 plus IT Expert pane support for live project on the current scenario to keep updated every week as per MNC standard.
- Skill-Hub platform to be industry-ready with your own pace(LMS with expert-level Interview based on the current project in the IT Industry for relevant Technology to be industry-ready in less than the target date).
- SHA Career Hub provides community access to get help/support to make the right choice of company and projects in an MNC.
- Resume building, along with profile building on top Job portal, along with LinkedIn presence, to get noticed by HR managers.

Post-Placement Support: One Month Free on-call support post placement for any critical issues.

Selection for Career Re-Engineering Program

- Non-Technical Interview:
 - The selection is based on a non-technical interview focused on evaluating your mindset, motivation, and readiness for a career transition.
- Registration Upon Selection:
 - If selected, candidates are required to complete the registration process by paying a fee of ₹10,000 + 18% GST. =11,800/-
 - If we allow you to do registration, it means we take full responsibility for guiding you until final placement (after completion of the program) provided you remain committed and actively participate.
- Program Commencement:
 - The sessions will begin within 2 to 3 weeks from the date of registration.
- Progress Review: After attending the initial 4 to 5 sessions, we will conduct a one-on-one review session & then we will continue:
 - Assess your progress.
 - Provide personalized feedback.
 - Discuss any adjustments to the payment date plan, if applicable

*Guidance by an IT Industry expert & specialized skills only
give you a stable job, not a course.*
